

COMPUTER COURSES (not only) for newcomers [1]

Computer courses (not only) for newcomers[1]?

+ Beginning with january 2016 we do bi-weekly computer courses in Wels

We will show you how to use PCs and Laptops with XUBUNTU Linux, this is the system we give away with our hardware (we collect and repair computers for refugees. need a PC? come to a course or write us at kalliope@valug.at)

+ in the future we will show some more -in depth knowledge-like programming and some fun-stuff (physical computing e.g.)

Where and when? See navigation -> <http://kurs.valug.at/where/>

[1] this site and the courses used to be called "computer courses for refugees". We changed it to "newcomers". Why? Watch the keynote talk of Fatuma Musa Afrah: <http://kurs.valug.at/fatuma-musa-afrah-der-rest-ist-bullshit/>
